

<i>Product Name</i>	Number: SDS-13-EN
Easy Balance	Page: 1 of 4
	Issued: 20-Jan-2012

1. Company and Product Identification

- Product Name: Easy Balance
- Use: Balancing powder for tyres
- Product code: 20400, 2041050, 2042035, 2043025, 2043520, 2045015
- Company Name: Safety Seal Europe AB
- Address: Plogvagen 3, S-467 30 Grästorps, Sweden
- Company phone number: +46 (0)514-291 25
- Fax: +46 (0)514-292 40
- E-mail: info@safetyseal.se
- Emergency number: 999 in the UK / 112 in Europe

2. Hazard Properties

Classification: None. The product does not contain any dangerous substances for humans or environment and is not subject to classification.

Precautions: Precautions should however be taken to the inhalation of dust. Lungs may be affected by repeated or prolonged exposure to fibres.

3. Composition and Ingredients Information

Substance Name	CAS-no.	Content %	Symbols	R-phrases
Mineral		> 80 %	-	-

4. First-Aid Measures

Inhalation: Exit to fresh air if feeling sick.

Skin contact: Clean with soap and water.

Eye Contact: Remove any contact lenses. Keep eyelids apart and roll with the eyes. Rinse with lukewarm water (20-30°C) at low pressure for at least 10 minutes. Contact doctor if symptoms persist.

Ingestion: Drink plenty of water.

Further information: -

5. Fire-Fighting Measures

Flammability: Product is not combustible.

Extinguishing Media: -

Special hazards: -

Protective equipment: -

	Issued: 20-Jan-2012

6. Accidental Release Measures

Personal precautions If necessary wear a dust-mask of hygienic reasons.
Environmental precautions: Sweep up the material.
Methods for cleaning up: See section 13.

7. Handling and Storage

Handling: No special precautions.
Storage: No legal requirements regarding storage.

8. Exposure Controls / Personal Protection

Exposure limits: Not established.
Control of exposure: Prevent dispersion of dust.

Personal protective equipment:

Respiratory protection: Local exhaust or breathing protection (P2 filter).
Skin protection: Protective gloves.
Eye Protection: Safety spectacles or eye protection in combination with breathing protection if powder.
Ingestion: Do not eat, drink or smoke during work.

9. Physical and Chemical Properties

General features:

Form: Granules
Colour: Grey/brown
Odour: Odourless

Physical / chemical characteristics:

Grain size: 0,43-1,00 mm
pH-value: Ca. 6,7
Density: Ca. 525-577 kg/m³

Chemical composition:

10. Stability and Reactivity

The product is stable (chemically inert), (exception see section 16).

	Issued: 20-Jan-2012

11. Toxicological Information**Attapulgite:**

Routes of exposure: Inhalation.

Inhalation risk: Evaporation at 20°C is negligible; a harmful concentration of airborne particles can, however, be reached quickly when dispersed.

Effects of long-term or repeated exposure: Lungs may be affected by repeated or prolonged exposure to fibres.

12. Ecological Information

The product in its original condition has no negative effects on the environment.

13. Considerations for Treatment and Disposal

Product: Unused material is suitable for disposal in sanitary landfill.
Used material should be disposed in accordance with local regulations.

Waste Code: EWC code: 06 01 99 Wastes not otherwise specified

14. Transport Information

The product is not classified as dangerous goods for land or sea transportation. Air: Contact specialist on air freight.

15. Regulatory Information**Classification/labelling:**

Hazard symbol: -

Label: Balancing powder for tyres.

Risk phrases: - -

Safety phrases: S22 Do not breathe dust.

S38 In case of insufficient ventilation, wear suitable respiratory equipment.
